PROJECT SPECIFICATIONS/INFORMATION

Details:

It was a large remodel project that required Bomanite Thin-Set over existing walks, patios, and steps. The project also included a large imprinted courtyard and pool deck that required drainage solutions. Yorkshire Stone, a pattern from the Bomanite Imprint Systems collection, was selected for the 3,526 sq. ft. project. Bomanite French Gray Release Agent was selected for the project as well.

Harriman's Bomanite provides quality products installed by quality people. The family owned company, based out of Spencer, IN, offers a variety of decorative concrete products and systems, and are dedicated to the highest standards of quality and service. Offering everything from imprinted concrete (Bomanite Imprint Systems, the original cast-in-place, colored and imprinted architectural concrete paving), toppings systems (Patène Arctectura) to exposed aggregate systems and Grasscrete, Harriman's Bomanite has the architectural concrete solution for you.

For more information on this project or other questions, contact Harriman's Bomanite at (812) 829-2086.
